Dog Constable	John E. Washburn
Field Driver and Fence Viewer	Harold S. Hoxie, Arthur E. Ellis
Building Inspector	Robert Perry

Town Manager's Report

To the Town Council and Citizens of Fairfield:

The 1952 Municipal year closed January 31, 1953 with taxes 96% collected, bills paid, and a substantial cash balance.

The Highway program was carried along as in previous years, with the exception of the construction of State Aid Road, a new law passed by the last Legislature allows only one unit per year for construction, therefore, this year there will be enough money available to complete the entire Ridge Road to the Waterville line. If the construction had been started last year it could have been excavated and left it in an almost unpassable condition, therefore it was decided to wait and complete it at one time.

New equipment at the Town Garage includes the L180 International Truck and Plow, and 10 Ton Bulldozer, authorized at Special Town Meetings, these will add greatly to the equipment and undoubtedly the Garage and equipment is one of the best of any Municipality.

Extra Street Lights were added this year and lights were placed on Larone Bridge. Plans are now in operation to install Traffic Lights at Main Street and Lawrence Avenue by Town and State Officials, although Traffic Lights are deemed an evil, at this point they become a necessary evil.

The snow removal account shows an overdraft, due to the blizzard in February 1951, all towns experienced this.

This year goes on record as the peak year in the history of Fairfield, in the construction field, with the construction of the Vocational Building, Elementary Building, Fire Station, and Cottage Street Sewer, causing a considerable dif-

ference as of January 31, 1953 in the financial condition of the Town, a chart prepared on another page of this report will acquaint you with the details, and there is every indication that there will be a sharp increase in the 1953 Tax Rate, to meet these obligations.

It has been a pleasure to have served you as Manager for the third consecutive year, and I take this medium to express my thanks to the Town Officials, Building Committees, Citizens of Fairfield, Employees and all others for their splendid co-operation.

Respectfully submitted,

CLARENCE E. ROBINSON,

Town Manager.

PROTECTION

Police Chief's Report

For Period — January 1, 1952 to December 31, 1952

TRAFFIC AND HIGHWAY SAFETY

Our traffic accident files for 1952 reveal one very pleasing fact. No pedestrians were injured in highway traffic accidents on our streets during the past year. The Police Department began a pedestrian safety campaign in the year 1950 in co-operation with the National Safety Council and by working with the school authorities began a program that was aimed at teaching highway safety to the school children. We had been through a very alarming year in 1947 when eleven children of school age had been injured in traffic. The year 1948 followed with eight more pedestrian injuries with seven of these being children. In 1949 pedestrian accidents dropped down to two. The years of 1950 and 1951 had four each, but 1951 brought us tragedy in the form of just the type of accident we had been trying to prevent. An eight year old boy was killed while running in the street. The six year total of pedestrians struck and injured by motor vehicles previous to last year was thirty-three persons with the greatest number being children. Last year's remarkable record of no pedestrian injuries proves to us the value of a ceaseless campaign for safety in our streets. No such a program could succeed without the co-operation of all responsible groups. Our school principals and teachers should be complimented on the fine work that they have done in making school children safety conscious. The P.T.A. gave

valuable assistance. The Maine State Police sent us a traffic and safety man with safety films which were shown in the schools. Our goal now is to make the year 1953 another one-hundred percent safe year in pedestrian safety.

Our record was not so good, however, when it came to motor vehicle accidents. A collision at the intersection of Western Ave. and Maple St. claimed the life of a passenger in one of the vehicles. Twenty-eight other persons were injured in motor vehicle accidents during 1952 in this town. The police department investigated a total of 96 motor vehicle accidents during the year. Lower Main St. (From Summit St. south to the Fairfield-Waterville line) had the greatest number of accidents, 29. Six of these were in the underpass area. The business section followed with 19 accidents. The intersections having the greatest number of accidents were Main and Military and Western and High with three accidents each. Route 201, north of town had seven accidents. Route 139 leading to Fairfield Center had six accidents. There were three accidents on the Fairfield-Benton bridges. One boy was struck by a car while riding a bicycle. Two children were struck by motor vehicles while playing in private driveways. These latter are not classified as highway accidents, but point out the fact that driveways are dangerous places for children to play.

SUMMARY OF POLICE ACTIVITIES FOR 1952

Number of Persons Arrested	137
Number of Police Car Trips Out of Station	795
Location of Most Frequent Trips:	
Lower Main St.	330
Includes Trips to Keyes Fibre Co. for Traffic Duty	
Island Avenue	47
Fairfield Center	43
Waterville	28
Water Street	37
Western Avenue	23
High Street	21
Does Not Include Frequent School Patrol Trips	
Route (201) North of Urban District	20
Skowhegan	20
Hinckley	19
Main Street (upper)	16
Shawmut	16

Osborne Street	16
North Fairfield	14
West Street	14
Burrill Street	12
Maple Street	10
Summit Street	9
Henderson Court	9
To Other Town Streets	91
Total	795

Most Frequent Types of Calls Responded To By Car

Accidents	80
Disturbances	35
Prowlers	18
Traffic Duty Trips	258
Hospital	8

Note — Above Police Car Trips Do Not Include Pursuits of Speeders, Drunken Drivers, etc.

Fire Chief's Report

To the Citizens of the Town of Fairfield I submit the following report:

In the past year the Fire Department responded to 157 alarms. 65 in rural Fairfield, 43 in Fairfield Village, 44 in Benton, and 5 in other Towns.

A total of 1,726 Firemen responded to the alarms.

We laid 12,950 ft. of 2½ inch hose; 10,100 feet in Fairfield and 2,850 feet in Benton. 5,100 feet of 1½ inch hose; 3,300 feet in Fairfield and 1,800 feet in Benton.

The estimated value of the buildings, cars, and trucks we were called upon to protect was \$332,500 of which \$263,400 was in Fairfield and \$69,100 was in Benton.

The estimated loss was \$53,809 of which \$42,608 was in Fairfield and \$11,201 in Benton.

The estimated value of the contents of buildings was \$100,050 of which \$49,450 was in Fairfield and \$50,600 in Benton.

The estimated loss was \$58,160 of which \$23,460 was in Fairfield and \$34,700 in Benton.

Necessary repairs have been made to the Fire Apparatus and at the present time all of our equipment is in very good condition.

The new Fire Station should be ready to move into by March 15th.

In conclusion I wish to thank the Town Manager, the Town Council, the Officers and Men of the Fire Department, and all of the Citizens who in any way have contributed to the success of the Fire Department.

Respectfully submitted,

EDWARD ST. PETER, *Chief.*

HEALTH AND SANITATION

Report of Public Health Nurse

First place in the scale of human needs should be accorded to health. It is the responsibility of professional workers and interested citizens to see that each child in this community is provided with education, health, and guidance toward their future.

During the past year child health conferences were held monthly from January through July with good attendance at each conference. Many new infants and preschools were admitted. Physical examinations and immunizations against whooping cough, diphtheria, tetanus and smallpox were offered to those who wished this service. It is the aim of the conference to make this service available to all infants and preschools not under regular medical supervision. There has been much community interest shown in the conferences and it is hoped that they may be resumed in the near future.

In January, eight students showing an apparent hearing loss were examined at Dr. Smith's office to determine, if possible, the cause of the poor tests. Those needing medical attention were referred to their family physician.

The first week in November free chest x-rays were made available through the U. S. Public Health Service and the Department of Health and Welfare to all individuals 15 years and over in Fairfield and surrounding areas. One morning was spent at the High School. Included in this group were all students serving on the school lunch program. Students serving at the Fairfield Center School were x-rayed at the Central Maine Sanatorium. X-rays were also made available to students at Good Will School. Visits were made to homes where questionable x-rays indicated a need for further x-ray or medical follow-up.

Special clinics at the Thayer Hospital in Waterville have been made available to children in Fairfield. Eleven new cases have been referred as follows: Pediatric clinic: 3, Crippled Children: 3, Cardiac: 2, Mental Health: 2, and Hard of Hearing: 1.

Home visits have been made in behalf of infants and pre-schools where there have been special problems. Visits were also made to give helpful information on their care and to encourage regular medical supervision and immunization.

In cases of suspected communicable diseases, diagnosis may not be made by the nurse for a physician is the only person qualified to do this, but visits are gladly made to instruct the family in isolation technique were indicated, and to give helpful instructions on care to prevent complications which sometime follow a communicable disease.

The program of physical examinations for students was carried on in the schools. Due to the large enrollment and the number of schools it is quite apparent that examinations of all students each school year would not be possible. It was decided to do grades 1-4-8-12 and all students taking part in athletic activities. Those found to be in need of medical or dental care were referred to their family physician or dentist. In many instances home visits have been made in behalf of students as a result of the findings of the physical examinations. The program of physical examinations with the schools has been most successful. Much credit is due Dr. Edgar Smith, M.D., School Physician, who has given so generously of his time to the school program.

During the year, each school was visited frequently, and after conferences with the teacher, home visits were made where indicated. The vision testing was done by the teachers and there has been a good percentage of corrections for visual defects. Audiometer testing will be done in all the schools as soon as the equipment is available for use in Fairfield.

Again your Public Health Nurse wishes to thank all those who have cooperated so generously in the public health program. Such teamwork is essential for the success of a good community health service.

Respectfully submitted,

MARY C. MORTON,
Public Health Nurse.

Health Officer's Report

To the Citizens of the Town of Fairfield:

Your Health Officer has reported to the State during the past year the following number of contagious diseases, Measles 7, Scarlet Fever 7, Chicken Pox 8, Infectious Hepatitis 3, Mumps 6, German Measles 9, Whooping Cough 2, and many cases of Influenza.

Many readmissions to school have been issued.

Numerous complaints have been received, investigated, and in most cases satisfactorily adjusted.

Plumbing inspector and alternate have been appointed for the ensuing year.

A program of inoculation and vaccination of the Shawmut school children has been started and it is hoped it can be carried through in the other schools.

The cooperation of all concerned has been admirable, and I wish to thank everyone for their assistance.

Let us all continue to cooperate in safeguarding the health of our citizens.

Respectfully submitted,

RUSSELL H. BRIDGES, D.O.

Health Officer.

Building Inspector's Report

To the Citizens of the Town of Fairfield:

I hereby submit my report of Building Inspector for the Town of Fairfield for the year 1952.

The figure of houses built is half of last year's making a total of eight. A new Fire Station and a new Elementary School is nearing completion. All buildings have been inspected in accordance to Town Regulations.

Respectfully submitted,

ROBERT E. PERRY,
Building Inspector.

VOCATIONAL SCHOOL

VOCATIONAL SCHOOL BUILDING

Gideon Marshall, Builder

Elwood N. Osborne

James Flewelling

Charles Lawry

William Gannon

Building Committee

The Vocational Building was let to Contract to Gideon Marshall of Waterville and finally abandoned by him, so that the Town had to complete the building, and it was finally completed on December 12, 1952 and was used for the first time at the start of school January 1953.

The building committee should be congratulated for their time and effort for a job well done, much time and effort was given.

The final settlement is yet to be accomplished, with the Bonding Company and it will be a matter of a few weeks before it is finally completed.

Albert L. Moore, Jr.
Vincent Peters
Ernest Sheppard

PURCHASING AGENT

Clarence E. Robinson, Town Manager

The New Elementary Schoolbuilding was completed this year, and Classes were started on January 5, 1952.

The Building Committee is to be congratulated for their time and effort in the construction of this fine building, and it is felt that much interest was shown by the townspeople by their visit in large numbers at the open house day held previous to the start of School.

Material was purchased locally as far as possible, as well as local workmen and sub-contracts.

This building is truly a fine addition to the School System, and the front cover of this Report contains the photograph of the building.

SCHOOL CALENDAR

Fall term began September 3, 1952, closed December 19, 1952.

Winter term, first half, began January 5, 1953, closed February 20, 1953.

Winter term, second half, begins March 2, 1953, closes April 17, 1953.

Spring term begins April 27, 1953, closes June 12, 1953.

Regular meetings of the school committee are held twice each month, usually on the Wednesdays before the 10th and 25th, except during vacations. Special meetings are held whenever necessary and are called by the Chairman of the School Committee.

The superintendent's office at Lawrence High School is open every day that school is in session from 8 A.M. until 4 P.M. Interviews may be had by appointment on any day that school is in session.

REPORT OF THE SUPERINTENDING SCHOOL COMMITTEE

To the Citizens of Fairfield:

We present the following report of the Superintending School Committee:

SUMMARY OF OPERATIONS

		<hr/>
		\$ 2,752.29

The outstanding event of the past school-year was the opening of two new school buildings, namely, the Vocational Building adjacent to Lawrence High School and the New Elementary Building located on the former Costello property. Both buildings were occupied on the opening of school after the Christmas vacation.

The opening of the Vocational Building permitted the installation of a new course, Vocational Home Economics, which affords a broader and deeper training in the field of Home Economics than was previously available in our school system.

This building also supplies the required space for the Agricultural work shop and provides an adequate classroom which replaces the poorly lighted and improperly heated one formerly used.

These Vocational Courses are subject to 50% Federal subsidy in addition to the regular State subsidy.

Upon opening the New Elementary Building the seventh and eighth grades were transferred from the High School building and the Public Library, thereby lessening the crowded situation in the High School.

The fifth and sixth grades were moved from North and South Grammar Schools to the new building, leaving four grades occupying four rooms in each of the old schools. This has eliminated the practice of split grades in the buildings. The overall transfer has resulted in an enrollment of 236 students at the New Building.

We wish to point out that these new buildings were constructed under the direction of separate committees working independently from the School Committee. The School Committee does, and every citizen should appreciate the efforts of the members of these committees, who have given unsparingly of their time and whose only compensation is the satisfaction of a job well done.

We are more fortunate than many towns in the State of Maine, by being able to maintain a full staff of teachers. The shortage of teachers is becoming more acute constantly, because of increasing enrollments and more attractive salaries outside the State. It is necessary that the salary schedule be increased in order to maintain a competitive position.

Local school enrollments are increasing approximately as anticipated. According to available records there will be a large number entering school next fall which may necessitate the addition of another first grade teacher.

Respectfully submitted,

SUPERINTENDING SCHOOL COMMITTEE,

CARLETON V. COOK, *Chairman.*

REPORT OF PRINCIPAL, LAWRENCE HIGH SCHOOL

Superintendent Gwyeth T. Smith
Fairfield, Maine

Dear Mr. Smith:

Following is the report of the principal of Lawrence High School for the 1952 - 53.

W. A. Kelley

The total enrollment for the first semester is the highest in the history of the school. A total of 510 pupils were registered during the first semester, but this figure was cut considerably due to the opening of the New Elementary School. The above figures give enrollment statistics for grades nine through twelve only.

Since the opening of the New Elementary School crowded conditions have been greatly reduced at Lawrence High School. It is no longer necessary to conduct classes in the auditorium as has been the custom in past years.

Scholastic achievement has continued at a satisfactory level during the present school year. The number of pupils attaining honor grades is higher than average, and the number of pupils failing courses is relatively low. The school,

and the town in general can feel proud of the large percentage of students who continue their education in their post secondary school days.

During the present year there are well over one third of last years graduates enrolled in institutions of higher learning.

Following is the distribution of honor grades for the first three ranking periods and the first semester:

Period	Highest Honors	High Honors	Honors	Total	Percentage
1	9	15	55	79	21.1%
2	7	11	75	93	25.8%
3	1	9	60	70	20.0%
Semester	0	14	59	73	20.9%

A total of fifteen pupils have failed to meet the passing requirements in two or more subjects at the end of the first semester. This does not indicate that this number will be failing at the end of the year, as the work may be brought up to a passing grade in most cases.

THE SCHOOL SCHEDULE

The school operates on a one session school day beginning at 8:15 A.M. and closing at 2:45 P.M., with a 20 minute lunch period provided for each class group.

This schedule is extremely difficult for students and teachers, because of the long period of time spent in the school building with no appreciable break in the program.

As this school is one of the few schools in this area operating on such a strenuous schedule, I recommend that the school board gives serious consideration to the possibilities of extending the noon lunch period to one hour in length.

UPKEEP OF SCHOOL BUILDING

During the past several years, the Lawrence High School building has been carrying a student load that was nearly twice the normal capacity of the building. This alone makes it difficult to keep the building in a proper state of repair, but when coupled with the fact that year after year no major repairs are made, and not much work is done in correcting minor damages. It does not take too long a period of time before a building gets in a poor state of repair.

We appreciate the enormous expense that the town has been under in its building program during the past few years, and realize that the School Department Officials are cognizant of the needs for repairs in the school building.

With due respect to all parties concerned, we must face the facts in the condition of the school building. The locker rooms, and toilet facilities are badly in need of improvement, and the classroom lighting is not adequate to meet present day standards.

I will not enumerate the items in need of repair throughout the building, but I must emphasize the fact that the school plant is greatly in need of repairs.

SCHOOL FINANCES

This has been one of our most difficult years in the matter of finance for school activities. Decreased income from basketball, which in past years has been our greatest source of revenue for conducting our athletic program, has caused us to have a rather low reserve in the overall balance of the Lawrence Assembly Account.

In order to make our accounts balance at the end of the present year it will be necessary to stage a major fund raising campaign. This will be done by staging a Sports Night Program, An Old Timers Basketball Game, and a Carnival.

The accounts of the Lawrence Cafeteria compares favorably with the balances of this account in past years. The expenditure for labor has increased, and equipment purchases have been smaller. We hope to close this account at the end of the school year with a balance.

In closing, I wish to express my appreciation to the Superintendent of Schools, The Superintending School Committee, and the citizens of Fairfield for their continued support throughout the past year.

Respectfully submitted,

W. A. KELLEY, *Principal.*

REPORT OF SUPERINTENDENT OF SCHOOLS

The following financial tables of appropriations and expenditures are shown to give the citizens of Fairfield a clear picture of where the money appropriated for schools has been spent. The money appropriated is, in most cases, for three accounts; viz., General Education, Vocational Education, and Repairs. Special appropriations are made for specific items and are made only through specific articles in the town warrant. No appropriations are made in the Keyes House and Keyes Field Accounts.

The teacher shortage continues to be one of growing seriousness, not only in Fairfield, but throughout the country. While this shortage appears to be greatest in the lower grades in most places, it is keen in all fields of public education. The number of teachers who are being graduated from our teacher training institutions indicates that few young peoples are entering the teaching profession and are entering fields which offer greater starting pay and more opportunity for advancement.

Last year we lost several of our more promising young teachers to industry, not because they didn't like teaching, but because industry offered greater remuneration, more security, and better working conditions. Just so long as industry can continue to take the more desirable young people this problem will continue to plague us.

It would seem that the best way that we can combat these inroads that are being made on our teachers to use the same methods that industry is using; viz., better pay, freedom from outside interference, and more attractive working conditions. In spite of the great shortage of teachers we have been fortunate to secure a complete corps of teachers with only one of whom is teaching under a temporary permit for the balance of the school year.

GWYETH T. SMITH.

AUDIT

STATE OF MAINE

STATE DEPARTMENT OF AUDIT

AUGUSTA, MAINE

February 24, 1953.

Town Manager and Council
Fairfield,
Maine

Gentlemen:

In accordance with Chapter 16, Section 3, Revised Statutes of 1944, and at your request, the records of the Town of Fairfield have been audited for the fiscal year ended January 31, 1953.

The examination was made by Auditors D. M. Strand and J. R. Waite in accordance with generally accepted auditing standards that pertain to municipal accounting. Audit analysis was on a basis consistent with that of the preceding year, and included all procedures which were considered necessary. Insofar as could be ascertained within the scope of the examination, the financial transactions of the town appear to have been appropriately handled, with such exceptions as may be noted in the accompanying comments.

Exhibits and schedules incorporated in this report present the result of the financial operations of the town for the period designated. Recommendations are also offered which are believed to be worthy of your consideration.

All of which is respectfully submitted.

Very truly yours,

FRED M. BERRY, *State Auditor.*

A Copy of the Complete Audit is on file at the Town Office

COMMENTS

TOWN OF FAIRFIELD

February 1, 1952 to January 31, 1953

An audit of the books and records of the Town of Fairfield has been completed for the municipal year ended January 31, 1953. The audit included an examination of the records maintained by the Assessors, Council, Town Manager, Treasurer, Tax Collector and Town Clerk.

The result of the examination indicates the following suggestions appear worthy of consideration by the municipal officers:

Licenses and permits should be in duplicate form and numbered at time of printing. The duplicate should be retained for audit purposes.

Transfers between accounts should be recorded by journal entries rather than to clear through the treasurer's cash account.

The examination consisted of a review of cash transactions as well as an analysis of revenues and expenditures. The result of the year's operations disclosed that available funds exceeded expenditures by \$10,951.50. However, overdrafts totaling \$8,365.46 were noted (Exhibit D). Unexpended and overdraft balances are summarized as follows:

Unexpended Balances	\$19,316.96
Overdrafts	8,365.46
Net Unexpended Balances	<u>\$10,951.50</u>

The Department of Attorney General has advised that overdrafts are not permitted by statute except in certain instances where emergencies arise in highway activities and then only to the extent of 15% of the highway appropriation.

A comparative statement of revenues and expenditures (Exhibit B), disclosed that for the 1952 year, revenues decreased by \$10,077.88 as compared with those of the preceding year. Expenditures for the same period increased by \$143,498.12. The factors contributing to these differences were reviewed with no exceptions noted. The reduction in tax revenue was occasioned principally by the non-assessment of the state tax. The major increases in expenditures were caused by the construction of an elementary school, the Cottage Street Sewer and a new fire station. Following is a summary of the differences as compared with those of the 1951 year:

DECREASED REVENUE		INCREASED EXPENDITURES	
Real, Personal & Poll Taxes	\$12,723.52	Protection	\$26,493.94
Other Accounts (net)	2,645.64	Health & Sanitation	8,305.88
		Debt and Interest	5,986.10
		School Construction	118,325.36
		Other Accounts (net)	15,613.16
Net Decrease	<u>\$10,077.88</u>	Net Increase	<u>\$143,498.12</u>

At the year end the unappropriated surplus amounted to \$21,909.66 or a decrease of \$5,328.01 as compared with the preceding year. The decrease was caused principally by authorized transfers of \$16,000.00 to various operating accounts, less the excess of available funds over expenditures of \$10,951.50.

GENERAL

Excise tax collections were verified by examination of the copies of the receipts retained by the collector. The collections are summarized as follows:

1952 Receipts No. 255 to No. 2027	\$15,401.57
1953 Receipts No. 8026 to No. 8280	2,916.12
Total Collections	<u>\$18,317.69</u>
Deposited with Treasurer	18,317.48
Due from Collector	<u>\$.21</u>

From the examination of the town clerk's records of the annual and special town meetings, it was ascertained that authority was granted by the townspeople for the following transfers from the surplus account:

Incidentals	\$ 4,000.00
Opera House	3,500.00
Fire Department Truck	1,500.00
Truck, Plow and Wing	7,000.00
Total	<u>\$16,000.00</u>

Other transfers voted by the townspeople included \$4,000.00 of parking meter receipts to the police department; \$4,000.00 of excise tax receipts to highway accounts; and the entire cost of snow removal from excise tax receipts. The purchase of a bulldozer was also granted, to be paid from the equipment account in 1952 and 1953.

DEBT FUND

The debt fund, which is incorporated in the balance sheet as a separate fund, reflects the outstanding notes and bonds of the town which are to be retired from revenues of future years. Notes and bonds maturing during the year were paid. New notes totaling \$117,500.00 were issued in 1952 for the following purposes:

Elementary School	\$75,000.00
Cottage Street Sewer	22,000.00
Fire Station	17,000.00
Fish Road	3,500.00

The long term indebtedness of the town totaled \$157,500.00 at the close of the year. The refunding bond issue of 1934 matures \$5,000.00 annually in 1953, 1954 and 1955 with interest at 4% annum. Notes totaling \$142,500.00, with varying rates of interest, mature as follows:

1953	\$47,500.00
1954	42,000.00
1955	34,000.00
1956	19,000.00

TRUST AND RESERVE FUNDS

11 The time deposits and investments of the various trust funds were examined and listed. Income and expenditures, in connection with these funds, were reviewed and so far as could be ascertained had been properly accounted for. Principals of the funds totaled \$65,806.91 and unexpended income amounted to \$2,649.84 at the year end. These funds are represented by U. S. Savings Bonds of \$46,500.00, time deposits of \$16,956.75, and real estate valued at \$5,000.00.

The school building fund, of the capital reserve funds, totaling \$45,915.32, was transferred to the elementary school building account to assist in financing the construction of the new school. The equipment fund totaled \$227.30 at January 31, 1953 and is on deposit in the Waterville Savings Bank.

SCOPE OF AUDIT

Count of cash was made and records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as pertained to the handling of cash and other matters of financial concern. Revenues and expenditures were examined by methods and to the extent deemed necessary. Letters of verification were utilized to determine the correctness of tax, tax lien, accounts receivable and notes payable accounts. Trust fund investments and related transactions were reviewed. Insurance policies and bond coverages were examined.

Included in the report are exhibits and schedules pertaining to the financial status of the town. Audit procedures were followed to the extent deemed necessary to develop these statments.

It is believed that the accompanying balance sheet and supporting statements fairly present the financial position of the town at January 31, 1953 and the result of its operations for the year then ended.

TOWN WARRANT

County of Somerset ss., State of Maine

*To Frederick Gould, Constable of the Town of Fairfield, in
the County of Somerset; Greetings:*

You are hereby required in the name of the State of Maine to warn the Inhabitants of the Town of Fairfield, aforesaid, qualified to vote in town affairs to assemble at the Opera House in said Town on the second day of March, A.D. nine-hundred and fifty-three at ten o'clock in the forenoon to act upon the following articles, to wit:

Article 1. To choose a moderator to preside at said meeting.

Article 2. To elect by secret ballot, the following officers as provided by Charter adopted at a special meeting Oct. 15, 1945: two councillors for a term of three years; one member of the superintending School Committee for a term of three years; Town Clerk for a term of one year.

Article 3. To see if the town will vote to raise and appropriate the sum of five thousand dollars to pay the 1934 bonds due December 1, 1953.

Recommended \$5000.00

Article 4. To see if the town will vote to raise and appropriate the sum of nine thousand dollars to pay the Shawmut Sewer Notes due in 1953.

Recommended \$9,000.00

Article 5. To see if the town will vote to raise and appropriate the sum of \$10,000.00 to pay the Elementary School Note due in 1953.

Recommended \$10,000.00

Article 6. To see if the town will vote to raise and appropriate the sum of \$10,000.00 to pay the Fire Station Note due in 1953.

Recommended \$10,000.00

Article 7. To see if the town will vote to raise and appropriate the sum of \$3,500.00 to pay the Fish Road Note due in 1953.

Recommended \$3,500.00

Article 8. To see if the town will vote to raise and appropriate the sum of \$11,00.00 to pay the Cottage St. Sewer Note due in 1953.

Recommended \$11,000.00

Article 9. To see if the town will vote to raise and appropriate the sum of four thousand dollars to pay the Vocational School Building Note due in 1953.

Recommended \$4,000.00

Article 10. To see what sum the town will vote to raise and appropriate for the salaries of the Town Officers including Town Manager, Councillors, Assessors, Health Officer, Town Clerk, Office Clerk, Treasurer, Assistant Clerk, and Building Inspector.

Recommended \$10,925.00

Article 11. To see what sum the town will vote to raise and appropriate for incidentals.

Recommended \$3,500.00 from Cash on hand.

Article 12. To see what sum the town will vote to raise and appropriate for the maintenance of the Opera House.

Recommended \$2,000.00

Article 13. To see what sum the town will vote to raise and appropriate for firemen's pay, including the services of a full-time man or men at the Fire Station, and the salaries of the Chief, Assistant Chief, and Captain of the Fire Department.

Recommended \$8,750.00

Article 14. To see what sum the town will vote to raise and appropriate for the purchase of supplies for the Fire Department.

Recommended \$1,500.00

Article 15. To see what sum the town will vote to raise and appropriate for the maintenance and extension of the Fire Alarm System.

Recommended \$500.00

Article 16. To see what sum the town will vote to raise and appropriate for Hydrant Service.

Recommended \$1,800.00

Article 17. To see what sum the town will vote to raise and appropriate for the Police Department.

Recommended \$8,000.00 by Appropriation, \$4000.00 from Parking Meters

Article 18. To see if the town will vote to authorize the courts to pay the fees of the regularly employed police officers to the Town Treasurer.

Recommended Yes

Article 19. To see what sum the town will vote to raise and appropriate for the public Health nursing in Fairfield under the State Enabling Act and to defray office expense in connection with the same.

Recommended \$2,600.00

Article 20. To see what sum the town will vote to raise and appropriate for the support of the Town Poor.

Recommended \$12,000.00

Fence Viewers	Harold S. Hoxie, Arthur E. Ellis
Building Inspector	Robert Perry

Town Manager's Report

To the Town Council and Citizens of Fairfield:

It is with pleasure I submit to you my fourth annual report of the town of Fairfield.

This year we were faced with a higher tax rate and larger tax commitment, which has resulted in a greater amount of uncollected taxes.

An accelerated State Aid Highway program was carried on this year, with the result that the Ridge Road was completed from Waterville line to Route 24, a small amount of work remains to be done, this will do away with an appropriation this year.

Over one mile of Martin Stream Road was ditched and gravel applied through the unimproved road fund, which amount was nearly doubled by the vote of the last legislature. Usual services to other roads and streets have been made, Tarvia was applied to Ten Lots road as well as other roads and streets.

We have attempted to give the best service possible under existing conditions at all times, and I want to extend my thanks to the Council, Department heads, Employees, and Citizens for their splendid co-operation.

Respectfully submitted,

CLARENCE E. ROBINSON,

Town Manager.

Total	131

MOTOR VEHICLE ACCIDENTS

The Police Department was called to investigate a total of 96 Motor Vehicle Accidents during 1953. Thirty-three of these accidents were of a minor nature. The total property damage caused by these accidents was estimated by police to be approximately seventeen thousand, five hundred dollars. There was one traffic fatality during the year which occurred on Route 139 near Fairfield Center outside of the urban area patrolled by the police department. Traffic Accidents caused thirty-two personal injuries during the year. There was only one pedestrian injury. Thirteen of the accidents were outside the urban limits.

MISCELLANEOUS POLICE ACTIVITIES

Complaints Investigated	372
Business Establishments Found Unlocked	14
Night Lodgers Housed Overnight at Police Station	80
Night Lights Found Out in Business Places	6
Merchandise Found Outside Stores and Secured	5

In closing this report I would like to state that the problem of traffic congestion is still with us in the business section during late afternoon and shopping nights. Plans have been made to help relieve this congestion. The police department has advocated the construction of an off the street parking lot at the rear of the stores on the west bank of the river. Permission has been granted by the Central Maine Power Company, the owner of the property and construction will start with favorable weather. Traffic lights for the intersection of Main and Lawrence Ave. have been here for some time and are ready for installation.

Another problem that has been of great concern to the police department and to parents and school authorities is the safety of children coming and going from school. The department is not of sufficient size to place an officer at all of the dangerous intersections and the responsibility for the safety of the children has been upon the School-Boy Patrol. The majority of these boys are only fourth graders and they have performed in a wonderful manner, but the situation is so dangerous that it deserves the fullest concern on the part of the town.

The Police Department wishes to thank all citizens who have come forward and aided the department in the interests of public justice during the past year.

Respectfully submitted,

FREDERICK H. GOULD,

Chief of Police,

Fire Chief's Report

To the Citizens of the Town of Fairfield I submit the following report:

In the past year the Fire Dept. responded to 141 alarms, 34 in Rural Fairfield, 70 in Fairfield Village and 37 in Benton.

The number of men responding to these alarms were 1,455. 1,100 in Fairfield and 355 in Benton.

The total hose laid was 8,200 ft. of 2½ in. and 3,500 ft. of 1½ in. hose in Fairfield, and 2,000 ft. of 1½ in hose in Benton.

The total value of the buildings and cars we were called upon to protect was \$297,800.00 \$222,600.00 in Fairfield and \$75,200.00 in Benton.

The total loss was \$49,550.00 \$30,685.00 in Fairfield and \$18,865.00 in Benton. Total value of the contents of buildings was \$94,980.00 \$73,560.00 in Fairfield and \$21,400 in Benton. The total loss was \$36,950.00 \$31,850.00 in Fairfield and \$5,100 in Benton.

The new Fire Station is completed except for inside painting. It is a station that we are very proud of and at this time wish to express our sincere thanks to all who have made this building possible. We wish at this time to extend to all of you an invitation to inspect your fire station and its apparatus on Town meeting day, please feel free to come in, it is open house.

In conclusion I wish to thank the Town Manager, the Town Council, the members of the Fire Department, and all of you who have in any way contributed to the success and accomplishments of the Fire Department.

Respectfully submitted,

EDWARD ST. PETER, *Chief.*

HEALTH AND SANITATION

Report of Public Health Nurse

FOR THE TOWN OF FAIRFIELD
FOR THE YEAR ENDING DECEMBER 31, 1953

Good health is achieved to the extent that people become aware of it and abide by its laws. People of Fairfield have already realized the value of health as a purchasable commodity and have engaged in an active plan bent on obtaining optimum health for the greatest number of individuals.

The above is highlighted by the fact that during the past year need was felt in Shawmut for school and preschool immunization. The Parent Teachers Club made investigation, planned and carried out the project with the help of the health officer and the nurse. This is an example of what may be done by concerted effort of interested people. At this immunization clinic forty-five immunizations were given for diphtheria, whooping cough and tetnus and twenty-four small pox vaccinations were administered.

The monthly child health conferences, always an active service of the association until last year, were resumed in December. Parents of infants and preschool children who received no medical supervision are encouraged to consult regularly with the conference physicians concerning their children's health problems. Regular physical examinations and immunizations for those children are available through the conference.

Tuberculosis is still a serious medical and public health problem. It is a preventable and a curable disease, and can be controlled through knowledge and community action,

Home visits have been made to help with plans for treatment, to arrange for chest x-rays and to encourage continued medical supervision. The people of Fairfield are fortunate in having all the excellent facilities of the Central Maine Sanatorium at hand and should make use of such facilities to the fullest extent.

Another important part of the total health program is the school health service. This includes school physical examinations in the 1st, 4th, 8th and 12th grades, and assisting with health problems that arise in connection with school personnel. Members of the Parent Teachers Association have given generous service helping with the school physical examinations. Parents are encouraged to be present at these examinations.

Some audiometer testing for hearing defects has been done. This will be resumed as soon as the equipment is available.

The Fairfield Public Health Nursing Council and the nurse thank sincerely those who have contributed so generously of their time and labor to the health program.

Respectfully submitted,

ESTHER WILLEY, *R. N.*

Health Officer's Report

To the Citizens of the Town of Fairfield:

During the past year your Health Officer has reported the following contagious diseases to the state.

Chickenpox 27; Scarlet Fever 9; Mumps 6; Measles 8; German Measles 13; Whooping Cough 3.

Many children have been examined and have been re-admitted to school.

During the year many complaints involving health menaces have been received, investigated, and satisfactorily adjusted in most cases.

Plumbing inspector and alternate have been appointed for the ensuing year.

Much credit is due to the teachers and householders for their cooperation and I wish to thank them for their assistance.

Respectfully submitted,

RUSSELL H. BRIDGES, D.O.

Health Officer.

James Russell Lowell said it:

"It was in making education not only common to all, but in some sense compulsory on all, that the destiny of the free republics of America was practically settled."

How well do we of today discharge the responsibility of educating our children? Do we make certain that the ideals of our forefathers, our inheritance of what has come to be called the "American way of life", will be nurtured in our youth of today so that America will continue strong and great.

As the economy of the nation has changed during the past thirty five years, so have the needs or requirements of the schools changed.

We in Fairfield might well ask how do our schools shape up? Are we keeping pace with changing needs?

Without attempting to answer these questions directly, let me simply point out that we should work toward the following objectives:

1. To develop good citizens, intelligent voters and to create civic responsibility.
2. To assist in developing family responsibility and personal integrity so our children may live well adjusted lives.
3. To help each child find his abilities and learn to use them so he may become a successful and productive member of society.
4. To provide adequate preparation for further education in colleges and technical schools for those who feel the need for it.

To attain these objectives requires adequate teaching personnel, housing and equipment. These cost money, your money, but for what better purpose could you spend it?

Even with two new buildings recently completed and in use we must look ahead to further additions in the not too distant future.

It is of significance to note that the fall of 1953 gave Fairfield what is probably the largest first grade in its history, one hundred sixteen (116). Birth records indicate that approximately that number will also appear for enrollment next September.

In its recommendations for the school year 1954-1955, your committee requests that three new teachers be added to the department as follows: One to the English Department at Lawrence High School, one would be placed in the elemen-

tary division and the third would be qualified to teach driver training.

It is also recommended that a start be made to re-equip the library at Lawrence High which at the present time is without library facilities.

In closing let me point out that your schools will be what you the citizens desire. As taxpayers you are providing the necessary funds to support and maintain your schools. It is our function as a school committee to provide for your children the best which that money can buy.

The quality of the education that you provide your sons and daughters will be reflected on you, when in future years, the finished product of your schools, your children, move out into society and take their places in our country's life.

Respectfully submitted,

A. VERNON PETTENGILL, *Chairman,*

Superintending School Committee.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of the Town of Fairfield:

I herewith submit the annual report of the Superintendent of Schools:

A summarization of appropriations and expenditures together with available resources or income for the fiscal year ending January 31st, 1954, under their appropriate classifications follow. Special appropriations as raised by town warrant and special accounts are shown separately.

At North Grammar School the teacher and grade arrangement has remained practically the same.

New teachers at the South Grammar School are Mrs. Myrtle Bragdon as Principal and teacher of grade 4, Mrs. Shirley Dancer, grades 2 and 3, Miss Jeannette Damon, who was transferred from the Shawmut School, grade 1. Miss Barbara Grant continues as a first grade teacher from last year. Due to the large enrollment of first grade children it was necessary to provide an additional room and the pupil arrangement now consists of two first grade rooms, one second and third room and one fourth grade room. Although the combining of the two grades was far from ideal, curtailment in the elementary teaching staff of one position left no other feasible alternative.

At the Fairfield Center school Mrs. Jean Harris was engaged as Principal and teacher of grades 4 and 5, Mrs. Lida Lewis has continued with grades 2 and 3 and Miss Florence French teaches grades 1 and 2. The 6th grade was transferred to the New Elementary school. Tentative plans have been made to transferr the 5th grade to North Grammar school at the beginning of the next school year to relieve the present overcrowded condition.

In the Shawmut school Mrs. Ethel Gibbs, formerly at South Grammar school, teaches grades 1 and 2, and Mrs. Ruby Redding was engaged to teach grades 3 and 4.

At the New Elementary school the teachers and teaching arrangement remains the same with the exception of Miss Clairanne Wyman who was transferred from the Fairfield Center school to replace Miss Claire Malcolm as teacher of Social Studies and English, and Miss Hope Bunker's classes have been rescheduled to include English and Social Studies.

Teachers are working on a study survey of the elementary and secondary school curriculum for the purpose of making minor changes and adjustments which will assist in re-vitalizing and coordinating subject matter from the first to the 12th grade. It is to be hoped that the written results of this work will be reflected in the future accomplishments of your teachers and pupils.

ELEMENTARY TEACHERS

New Elementary Building					52	65	73	64	254
TOTAL	116	68	72	91	67	65	73	64	616

REPAIRS

Major repairs completed during the year include: Installation of three motorized valves in the lines of the unit heating system which services both Lawrence High School and the new vocational building; to control, regulate and conserve the heat available for the different buildings and room areas and prevent overheating of one section while steam is being driven through to more distant sections. Thus far results are extremely gratifying and reports indicate better heat with a considerable saving in fuel.

Two classrooms and the Library room have been redecorated. The first floor hallway renailed, patched, sanded and refinished at the high school.

The gymnasium was rewired and new switches installed to eliminate overload and its attendant fire hazard. The gym floor was resealed at the beginning of the school year. In the old home economics room, rewiring was carried to the extent necessary to relieve overload and bring the size of fuses down to meet fire insurance regulations.

Permanent type stair retreads have been purchased for all stairways to basements and first floor and are being installed at the earliest possible time. On the outside the woodwork at the high school entrance was painted and the granite steps repointed. Outside fixtures were installed to light the yard between the vocational building and the high school.

Flourescent lights have been provided in the classrooms at South Grammar, bringing the amount of light furnished on dark and inclement days up to the standards recommended for school rooms. The front entrance platform at South Grammar was rebuilt and the yard and playground graded.

The broken down wooden walk at Shawmut, running from the highway to the entrance has been taken out and replaced by one of Warrenite material. Several minor plumbing repairs were cared for, chief among them being replacement of the burned out smoke pipe running between furnace and chimney.

The crumbling north retaining wall of the North Grammar school yard was torn out and rebuilt and the manhole which drains the play yard repaired. Inside the basement the electric service ground was removed from the water pipes and a new safety-proof ground installed outside the building.

At Fairfield Center minor repairs were made; such as patching outside wall covering on the kitchen, replacing door panels, patching inside walls and mounting tack boards, replacing missing light fixtures and repairing fire escape steps.

REPAIRS UNCOMPLETED

Repair items uncompleted or undone for which funds have been requested in the new fiscal year are:

LAWRENCE HIGH SCHOOL:—

Paint exterior trim

Complete redecorating interior

Replace tile in basements
Complete stair treads to second floor
Minor Boiler repairs to meet New State Boiler Law

SHAWMUT:—

Repair and paint coat rooms
Redecorate interior
Paint outside trim and retop chimney

NORTH GRAMMAR:—

Repair entrance doors and frames
Remove tree East side of yard
Fence South and East side of yard

SOUTH GRAMMAR:—

Warrenite walk
Gravel yard
Front entrance railing
Guard fence south side of yard to exclude cars

CENTER SCHOOL:—

Redecorate all classrooms

CONVEYANCE

Bus transportation is provided for 339 pupils by five buses, four town owned and operated, one privately operated under town contract. Two of the town owned buses, where time and school schedules permit, make two trips. Additional buses would be one method for alleviating overcrowded conditions, and it is estimated that a total of six buses would adequately care for the present transportation problem.

Respectfully submitted,

CLIFTON M. HAMM,

Superintendent of Schools.

REPORT OF PRINCIPAL, LAWRENCE HIGH SCHOOL

Mr. Clifton Hamm, Superintendent of Schools

Fairfield, Maine

Dear Mr. Hamm:

I hereby submit the report of the principal of Lawrence High School for the year 1953 - 54.

The total enrollment for the present school year is slightly under the figures for the preceding year. This is due largely to the decrease in enrollment of the entering class which numbered 34 pupils more in September 1952.

This year, the school has operated as a four year secondary school for the first time in many years. The removal of grades seven and eight from the building has temporarily relieved our crowded condition. In spite of the space that has been made available, it is not possible to conduct classes without some study pupils in each classroom. It is our desire to arrange the schedule for 1954-55 in such a manner that this problem will be eliminated.

SCHOOL ATTENDANCE

Pupil attendance has been exceptionally high during the present school year. There have been very few epidemics which have caused pupils to remain out of school, therefore the figures are exceptionally high.

Attendance figures for the first semester are indicated below:

ATTENDANCE STATISTICS
FIRST SEMESTER 1953 - 54

GRADE	TOTAL DAILY ATTENDANCE	TOTAL DAILY MEMBERSHIP	TOTAL CASES OF TARDINESS	TOTAL DISMISSALS
9	7525.5	7850.0	142	40
10	9873.0	10301.0	150	32
11	7345.0	7647.0	141	51
12	5950	6280.0	145	57
TOTAL	30894.0	32078.0	578	180
Average Daily Attendance				335.80
Average Daily Membership				348.68
Percentage of Attendance				96.31%
Average Daily Cases of Tardiness				6.28
Average Daily Cases of Dismissals				1.95

SCHOLARSHIP ACHIEVEMENT

Scholarship of the pupils at Lawrence High School has maintained a satisfactory pace during the present school year.

Our school is well represented by pupils enrolled in the various Maine Colleges as well as many attending past secondary schools in other states.

Reports from these institutions indicate that our graduates are making satisfactory progress, and in some cases are receiving honor grades.

During the present school year the distribution of grades indicate relatively few failures for the semester with the majority of pupils receiving B and C averages.

Following is the distribution of ranks for the first semester 1953-54.

RANKING PERIOD	A	B	C	F	INC.	TOTAL
First	262	660	642	71	71	1706
Second	232	605	586	91	29	1543
Third	200	524	630	154	13	1521
Fourth	163	608	647	84	19	1521
SEMESTER PERC'T	10.7%	40.5%	42.5	5.5%	.8%	

ANNUAL REPORT

SCHOOL FINANCES

During the past few years it has become exceedingly difficult to finance our activities program due largely to the deficits that are carried in the athletic accounts.

The athletic accounts show the following balances, and deficits as of January 31, 1954.

Football	\$ 1,344.99
Basketball	181.71
Spring Sports	693.76
Total Deficit	<hr/> \$ 1,857.04

In order to pay the bills for athletics it is necessary to draw on the balances of other accounts. This has been the procedure for several years, but the total deficit is increasing each year, and now has reached a point where it requires too much of a balance in other accounts to carry athletics, and support the other activities.

Each year the students sponsor various programs in order to provide sufficient funds for the support of all activities, but each year the burden is increasing, and the school is fast reaching a point where some financial assistance must be made available.

The formation of a Boosters Club for creating more interest in athletics is under consideration, and a Club may be formed in the near future.

The utilization of a Commercial Insurance Company for athletic injuries which gives full coverage for all injuries will be helpful to the school, and to the parents of all pupils involved.

Although we have had good support from the townspeople at our home athletic contests, we do not have sufficient income to meet our expenses in the period of inflated costs.

We are submitting financial statements of the accounts of the Lawrence Assembly, and of the Lunch Program.

Our accounts are periodically audited, and the people held responsible for the handling of money are properly bonded.

In closing, I wish to express my appreciation to the School Committee, the superintendent, the faculty, and the townspeople for their cooperation during the present school year.

Respectfully submitted,

W. A. KELLEY, *Principal.*

AUDIT

STATE OF MAINE
STATE DEPARTMENT OF AUDIT
AUGUSTA, MAINE

February 11, 1954

Mr. Clarence Robinson
Town Manager
Fairfield, Maine

Dear Sir:

This letter confirms our telephone conversation relative to the report of audit of the financial records of the Town of Fairfield for the 1953-54 municipal year.

We are indeed sorry not to be able to accomodate by having the work finished so that excerpts from the audit report might be printed in your annual report for 1953-54. While this information is desirable, nevertheless, the Legislature recognized the extreme difficulty of fulfilling an exacting schedule and enacted a law which only requires the printing of excerpts from the last audit report. (Chapter 361, Public Laws of 1947.)

We hope you readily appreciate our position in the matter and will understand that the pressure of town business at this time of year does not permit prompt completion of all audits for municipalities which request them.

If you so desire you may print this letter in the annual report so that the taxpayers of Fairfield will understand the reason for the delay.

Very truly yours,

FRED M. BERRY, *State Auditor.*
